JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Smallpox in Maryland.

BALTIMORE, MD., November 9, 1900.

SIR: Four cases of smallpox in Prince George County, Md., at Hyattsville and at College Park. At this date no quarantine, isolation, disinfection, or public vaccination. Inspection and notification ineffective.

Respectfully,

JOHN S. FULTON,
Secretary State Board of Health.

Case of smallpox in an immigrant from the steamship Columbia from Hamburg.

NEW YORK, N. Y., November 7, 1900.

SIR: I have the honor to report that 1 case of varioloid developed this day in the immigrant ward of the Long Island College Hospital and has been transferred to the hospital for contagious diseases of the New York department of health.

This patient arrived at this port October 26, 1900, on steamship *Columbia* from Hamburg.

Respectfully,

L. L. WILLIAMS,
Surgeon, U. S. M. H. S.
